

# CAMP: A Course in People 101

I didn't want to apply for the Cooperative Youth Leadership Camp. I wanted the leadership experience, but I didn't want to go to an electricity leadership camp.

I didn't know anything about electricity, and I was worried that is all we would talk about at camp and that I would either feel bored or stupid. Guess what? We did talk about electricity—and I didn't feel bored or stupid.

Camp was a crash course in People 101. Never in my life have I learned so much about individuals, myself, or people in general than I did in my week at Steamboat Springs.

# NO, IT'S NOT JUST ANOTHER CAMP!

When you hear the phrase "leadership camp" you probably picture the unique torture of paying to get eaten alive by bugs while listening to someone drone on about leadership. Not how you want to spend part of your summer vacation, right?

## WE AGREE!

That's why this camp is different. It's free, you get to meet people your own age, go rafting and enjoy yourself on your summer vacation—because that's what you're supposed to do. It's so much fun, you won't even notice all the new leadership skills you are building.
