

Safety Accreditation Workshop

February 16 in Dodge City
February 19 in Topeka

Sponsored By

Overview

Both member systems that are currently safety accredited and those not currently accredited are invited to attend the workshop. The same workshop will be offered at two different locations. On February 16, the workshop will be held at Victory Electric Cooperative in Dodge City and on February 19 at Kansas Electric Cooperatives in Topeka.

This workshop will provide accredited member systems with an opportunity to review, and discuss changes in the RESAP program that are being implemented in 2010, and also discuss the proposed changes for 2011.

For member systems that are not currently accredited, this training is a great opportunity to discuss the RESAP program, its mission statement, areas the program covers, who can assist the system in becoming accredited, obtain current application/observation forms, and to provide the most recent changes to the RESAP Program.

Agenda

- **9 to 9:30 a.m.** - Registration opens
- **10 a.m.** - Introduction to the RESAP program
Re-design for 2010
- **11:30 a.m. to 1 p.m.** - Lunch (*on your own*)
- **1 p.m.** - Application Training (Form 1030DIST)

Distribution Observation (Form 2020DIST)
- **3:30 p.m.** Questions and answer
